

briteCITY VoIP is a simple, secure cloud-hosted business phone system.

AUTO ATTENDANT

We offer multiple auto attendants to manage your incoming calls, including a directory.

UNLIMITED HUNT GROUPS

Create as many hunt groups as you need. Make sure incoming calls get answered!

MOBILE APP

With iOS and Android apps you can place and receive calls as if you were at your desk.

CALL RECORDING

Crystal clear call recording using our latest voice technology.

CALL FORWARDING

Helps you forward a call when your number is dialed.

CALL PARKING

Pick up a call, park it, then pick it up on a different device.

USER WEB PORTAL

Our web portal is so easy to use you will be delighted how easy it is to manage your team!

VOICEMAIL TO TEXT

Check your latest voicemail by simply reading it instead of listening.

CALL REPORTING

Reports for simple call history, call logs, and much more.

TOLL FREE NUMBERS

Pick and choose 800, 888, 877, 866, 855 or 844 toll free numbers.

Access your **phone** system from
any **Internet** connection, anywhere
in the world. Desk phone, mobile
device, or web browser?

No problem!
